

Professional English Workshop

Keep talking

In this workshop you will learn how to improve your fluency in English. You will be involved in challenging communicative situations and participate in various role-playing activities.

This workshop will help you to overcome your fear of making mistakes in English. You'll learn how to speak freely in front of a group, which could also be helpful for any English oral exam you might take.

This module includes:

- Practice of language and skills
- Communicative situations
- Role-playing activities
